Dear Scholarship Committee,

I am writing in recommendation of _____ to be awarded your scholarship. _____ is currently working towards her A A degree and has plans to further continue her higher education in hopes of entering the landscape architecture field. She is a full time student, working to raise her level of employability, overall education and personal growth. I've gotten to know _____ through interaction in the campus environment and have found her to be a caring, sincere and outgoing person.

I believe that she would greatly benefit from your award as she climbs the educational ladder in pursuit of her dreams and goals. She has overcome some difficult obstacles to reach the point of being in college again and is working hard to improve her life. She has been working as a student assistant and has been an active volunteer with the *Rural Development Project*. She is interested in doing more volunteer work and has contributed to the *Blood Drive*. _____ has also been a role model and mentor to some children to whom she provides a great deal of encouragement and warmth.

Thank you for the opportunity to express my encouragement and support of awarding scholarship assistance to _____. I truly feel it will be a worthwhile investment that will help her accomplish her immediate goals and will contribute to the community's enrichment.

Sincerely,

Recommendatory Name
